

**M e m o r a n d u m**

Date: December 11, 2009

To: Morongo Basin Area  
Attention: Lieutenant T. W. Tompkins

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**  
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.A07146.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on October 21, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 260 items (a). The statistically-valid sample at a 95 percent confidence level  $\pm$  5 percent error rate provided a total stratified sample size of 52 items when rounded up to the next whole number (d).

	Population Size	Percentage of Total	Calculated Sample Size	Predetermined List Sample Size
	(a)	(b)	(c)	(d)
<b>ICU Decals</b>	111	42.69%	21.35	22
<b>Telecommunications</b>	86	33.08%	16.54	17
<b>Fleet</b>	10	3.85%	1.92	2
<b>Weapons</b>	53	20.38%	10.19	11
<b>Total</b>	260			52

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, 47 of the 52 items were located. One item was unavailable due to the employee being out of the office, three items were transferred to other commands, and one item was added to the command inventory in error. The property inspection results of the equipment

*Safety, Service, and Security*

Morongo Basin Area

Page 2

December 11, 2009

recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment assigned to the command to the OPI inventory lists, 75 of the 76 items reconciled. One item was not listed on the appropriate OPI inventory list. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by March 11, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

The Office of Inspections would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Roger Ikemoto, Senior Management Auditor at (916) 843-3160.

  
M. C. A. SANTIAGO, CIG  
Assistant Commissioner

**From:** Stephen Higginson  
**To:** Martin Chavez  
**Date:** 5/26/2009 9:59 AM  
**Subject:** Radio Control Head

Good Morning Martin,

Morongo Basin did a vehicle trade with Victorville 850 on March 12, 2009, and received a 2005 Ford Crown Victoria, 1204654. The Radio Control Head on the CHP 57 was listed as R57428. On Friday May 22, 2009, I return 1204654 to FOS Torrance the Radio Control Head listed on the CHP 57 were R57423. The R# tag was hard to read but was verified by John Wien. How do want to handle this?

Thanks, Steve
